The journal of the Chartered Society of Physiotherapy ISSN 0031 9406

PHYSIOTHERAPY

Index 2000

Volume 86

JANUARY TO DECEMBER

THE CHARTERED SOCIETY OF PHYSIOTHERAPY
14 Bedford Row, London WC1R 4ED, UK

Subject index of peer-reviewed papers

Aids and Technology

Audit of the unexpected effects of electrophysical agents: Interim report: Responses to December 1999. S Kitchen. 152
Audit of the unexpected effects of electrophysical agents: Interim report: Responses January to June, 2000. S Kitchen. 509
Efficacy of paraffin wax baths for rheumatoid arthritic hands. J Ayling, R Marks. 190
Iliopsoas bursitis: Physical diagnosis and management with ultrasonography and corticosteroid infiltration in a 33-year-old man. R Kerry, D G King, M F Gibson. 306
Living the HyLife: Addressing the information needs of physiotherapists. I Ellis, G Walton, C Edwards, A Hutton, D Jones. 249
Pressure biofeedback: A useful tool in the quantification of abdominal muscular dysfunction? M C Cairns, K Harrison, C Wright. 127

Assessment

Clinical examination of balance and stability in rheumatoid arthritis patients. A M Mengshoel, A-C Clarke-Jenssen, B Fredriksen, T Paulsen. .342

Audit and Outcomes

Audit and re-audit of the CSP Core Standards of Physiotherapy Practice. M Sumner, J Mead, R ten Hove. 512
Audit of the unexpected effects of electrophysical agents: Interim report: Responses to December 1999. S Kitchen. 152
Audit of the unexpected effects of electrophysical agents: Interim report: Responses January to June, 2000. S Kitchen. 509
Do physiotherapy records meet professional standards? A commitment to good practice and improved patient care through audit within the Birmingham Heartlands adult cystic fibrosis centre. L Gumery, J Sheldon, H Bayliss, R Mackle, D Stableforth, D Honeybourne, C Reade. 655
Pain and the placebo in physiotherapy: A benevolent lie? M Simmonds. ...631
Quality assurance: Measuring the quality of clinical education provision. K Stachura. 117
Reliability: What is it, and how is it measured? A Bruton, J Conway, S T Holgate. 94

Balance

Clinical examination of balance and stability in rheumatoid arthritis patients. A M Mengshoel, A-C Clarke-Jenssen, B Fredriksen, T Paulsen. .342
Tackling a fear of falling using graded exposure: Case report. G Riley, D Holding. 143

Biofeedback

Pressure biofeedback: A useful tool in the quantification of abdominal muscular dysfunction? M C Cairns, K Harrison, C Wright. 127

Burns

Intra-oral burns: Rehabilitation of severe restriction of mouth opening: Case report. R Bahnof. 263

Clinical Reasoning

Differences in the clinical reasoning processes of expert and novice cardiorespiratory physiotherapists. K Case, K Harrison, C Roskell. 14

Communication and Compliance

Clinical education: Listening to different perspectives. J A Baldry Currens, C P Bithell. 645
How can we treat collective amnesia? T J A Terlouw. 257
Living the HyLife: Addressing the information needs of physiotherapists. I Ellis, G Walton. C Edwards, A Hutton, D Jones. 249
Physical therapists' emotional expressions in interviews about factors important for interaction with patients. G Gard, A L Gyllensten, E Salford, C Ekdahl. 229

Continence/Incontinence

Physiotherapy for the relief of male urinary tract symptoms: A Delphi study. G Dorey. 413

Education: Patients

Back to fitness programme: The manual for physiotherapists to set up the classes. J Klaber Moffett, H Frost. 295
Functional restoration programme for chronic low back pain, A. H Frost, S E Lamb, C H Shackleton. 285
Life begins at forty! Should the route to promoting exercise in elderly people also start in their forties? N Carter, M-L O'Driscoll. 85
Living the HyLife: Addressing the information needs of physiotherapists. I Ellis, G Walton, C Edwards, A Hutton, D Jones. 249
Management of anterior cruciate ligament deficient patients: Group education and exercise. A Dakin. 357
Mitchell's relaxation technique: Is it effective? J A Bell, J Bettany-Saltikov. 473
Physical therapists' emotional expressions in interviews about factors important for interaction with patients. G Gard, A L Gyllensten, E Salford, C Ekdahl. 229
Physiotherapists' approaches to low back pain education. F V Trede. 427
Vojta self-training: Experiences of six neurologically impaired people: A qualitative study. B Bäckström, L Dahlgren. 567

Education: Professional

Clinical education: Listening to different perspectives. J A Baldry Currens, C P Bithell. 645
Development and implementation of national practice guidelines: A prospect for continuous quality improvement in physiotherapy: Introduction to the method of guideline development. H J M Hendriks, G E Bekkering, H van Ettekoven, J W Brandsma, P J van der Wees, R A de Bie. 535
How can we treat collective amnesia? T J A Terlouw. 257
Life-views of physiotherapy students compared to medical and nursing students. G Gard, B T Sundén. 576
Living the HyLife: Addressing the information needs of physiotherapists. I Ellis, G Walton. C Edwards, A Hutton, D Jones. 249
Quality assurance: Measuring the quality of clinical education provision. K Stachura, F Garven, M Reed. 117
Reflective practice: Realising its potential. L Clouder. 517

Elder Rehabilitation

Effectiveness of physiotherapy to enable an elderly person to get up from the floor, The: A single case study. J M G Adams, S Tyson. 185
Life begins at forty! Should the route to promoting exercise in elderly people also start in their forties? N Carter, M-L O'Driscoll. 85
No success like failure: Walking late after stroke: Case study. T D Punt. 563
Physiotherapists working with stroke patients: A national survey. I Davidson, K Waters. 69
Tackling a fear of falling using graded exposure: Case report. G Riley. 143

Electrotherapy

Audit of the unexpected effects of electrophysical agents: Interim report: Responses to December 1999. S Kitchen. 152
Audit of the unexpected effects of electrophysical agents: Interim report: Responses January to June, 2000. S Kitchen. 509
Iliopsoas bursitis: Physical diagnosis and management with ultrasonography and corticosteroid infiltration in a 33-year-old man: Case report. R Kerry, D G King, M F Gibson. 306
Ultrasound for osteo-arthritis of the knee: A systematic review. R Marks, S Ghanagaraja, M Ghassemi. 452

Ethics

Duty to treat, The: Ethics and HIV/AIDS. M Voors. 640
Life-views of physiotherapy students compared to medical and nursing students. G Gard, B T Sundén. 576
Pain and the placebo in physiotherapy: A benevolent lie? M Simmonds. ...631

Exercise and Training

Back to fitness programme: The manual for physiotherapists to set up the classes. J Klaber Moffett, H Frost. 295
Functional restoration programme for chronic low back pain, A. H Frost, S E Lamb, C H Shackleton. 285
Individualised fixed load inspiratory muscle training responses in a patient with severe restrictive lung disease and an élite sportsman: Case report. K Chatham. 28
Life begins at forty! Should the route to promoting exercise in elderly people also start in their forties? N Carter, M-L O'Driscoll. 85
Management of anterior cruciate ligament deficient patients: Group education and exercise. A Dakin. 357
Mitchell's relaxation technique: Is it effective? J A Bell, J Bettany-Saltikov. 473
Vojta self-training: Experiences of six neurologically impaired people: A qualitative study. B Bäckström, L Dahlgren. 567

Heat Therapy

Efficacy of paraffin wax baths for rheumatoid arthritic hands. J Ayling, R Marks. 190

Hydrotherapy

Hydrotherapy: Detrimental or beneficial to the respiratory system? K H Anstey, C Roskell. 5

Information Technology

Living the HyLife: Addressing the information needs of physiotherapists. I Ellis, G Walton, C Edwards, A Hutton, D Jones. 249

Management

Audit and re-audit of the CSP Core Standards of Physiotherapy Practice. M Sumner, J Mead, R ten Hove. 512

Development and implementation of national practice guidelines: A prospect for continuous quality improvement in physiotherapy: Introduction to the method of guideline development. H J M Hendriks, G E Bekkering, H van Ettekoven, J W Brandsma, P J van der Wees, R A de Bie. 535

Do physiotherapy records meet professional standards? A commitment to good practice and improved patient care through audit within the Birmingham Heartlands adult cystic fibrosis centre. L Gumery, J Sheldon, H Bayliss, R Mackle, D Stableforth, D Honeybourne, C Reade. 655

Reflective practice: Realising its potential. L Clouder. 517

Role overlap and professional boundaries: Future implications for physiotherapy and occupational therapy in the NHS: Forum. S Smith, P Roberts, S Balmer. 397

Massage

Massage as a pain relieving method. I Lund 638

Measurement

Motion analysis of an eccentric step test performed by 100 healthy subjects. J Selfe. 241

Pressure biofeedback: A useful tool in the quantification of abdominal muscular dysfunction? M C Cairns, K Harrison, C Wright. 127

Quality assurance: Measuring the quality of clinical education provision. K Stachura, F Garven, M Reed. 117

Reliability: What is it, and how is it measured? A Bruton, J Conway, S T Holgate. 94

Variability in straight leg raise measurements: Review. J K Dixon, J L Keating. 361

Men's Health

Physiotherapy for the relief of male urinary tract symptoms: A Delphi study. G Dorey. 413

Moving and Handling

Mansfield project, The: Postural care at night within a community setting: A feedback study. S Goldsmith. 528

Physiotherapy for stroke rehabilitation: A need for evidence-based handling techniques: Literature review. V Sparkes. 348

Musculoskeletal/Orthopaedics

Active rehabilitation for chronic low back pain: The patients' perspective. F M Cook, A-M Hassenkamp. 61

Anterior cruciate ligament injury in female athletes: Why are women so vulnerable? Literature review. T Lewis. 464

Back to fitness programme: The manual for physiotherapists to set up the classes. J Klaber Moffett, H Frost. 295

Effect of McConnell's vastus lateralis inhibition taping technique on vastus lateralis and vastus medialis obliquus activity, The. S Tobin, G Robinson. 173

Functional instability of the ankle joint: Features and underlying causes. B Caulfield. 401

Functional restoration programme for chronic low back pain, A. H Frost, S E Lamb, C H Shackleton. 285

Iliopsoas bursitis: Physical diagnosis and management with ultrasonography and corticosteroid infiltration in a 33-year-old man: Case report. R Kerry, D G King, M F Gibson. 306

Individualised fixed load inspiratory muscle training responses in a patient with severe restrictive lung disease and an élite sportsman: Case report. K Chatham. 28

Intra-oral burns: Rehabilitation of severe restriction of mouth opening: Case report. R Bahnof. 263

Management of anterior cruciate ligament deficient patients: Group education and exercise. A Dakin. 357

Mansfield project, The: Postural care at night within a community setting: A feedback study. S Goldsmith. 528

Musculoskeletal physiotherapy in primary care sites: Survey of English NHS trusts. C J M Lowe, C P Bithell. 497

Physiotherapists' approaches to low back pain education. F V Trede. 427

Physiotherapy for children with hypermobility syndrome. A Kerr, C E Macmillan, W S Uttley, R A Luqmani. 313

Pressure biofeedback: A useful tool in the quantification of abdominal muscular dysfunction? M C Cairns, K Harrison, C Wright. 127

Rehabilitation of a post-surgical patella fracture: Case report. P Henry, B Panwitz, J K Wilson. 139

Ultrasound for osteo-arthritis of the knee: A systematic review. R Marks, S Ghanagaraja, M Ghassemi. 452

Variability in straight leg raise measurements: Review. J K Dixon, J L Keating. 361

Neurology

Motor performance after bottom-shuffling in early childhood. M J C Eijsermans, I C van Haastert, V A M Gulmans, P J M Helders. 81

No success like failure: Walking late after stroke: Case study. T D Punt. 563

Physiotherapists working with stroke patients: A national survey. I Davidson, K Waters. 69

Physiotherapy for stroke rehabilitation: A need for evidence-based handling techniques: Literature review. V Sparkes. 348

Vojta self-training: Experiences of six neurologically impaired people: A qualitative study. B Bäckström, L Dahlgren. 567

Paediatrics

Mansfield project, The: Postural care at night within a community setting: A feedback study. S Goldsmith. 528

Motor performance after bottom-shuffling in early childhood. M J C Eijsermans, V A M Gulmans, P J M Helders. 81

Physiotherapy for children with hypermobility syndrome. A Kerr, C E Macmillan, W S Uttley, R A Luqmani. 313

Therapeutic horseback riding studies: Problems experienced by researchers. J Pauw. 523

Pain

Active rehabilitation for chronic low back pain: The patients' perspective. F M Cook, A-M Hassenkamp 61

Back to fitness programme: The manual for physiotherapists to set up the classes. J Klaber Moffett, H Frost. 295

Functional restoration programme for chronic low back pain, A. H Frost, S E Lamb, C H Shackleton. 285

Increasing activity and improving function in chronic pain management. V Harding, P J Watson. 619

Massage as a pain relieving method. I Lund 638

Pain and the placebo in physiotherapy: A benevolent lie? M J Simmonds. 631

Physiotherapists' approaches to low back pain education. F V Trede. 427

Pharmacology

Iliopsoas bursitis: Physical diagnosis and management with ultrasonography and corticosteroid infiltration in a 33-year-old man. R Kerry, D G King, M F Gibson. 306

Professional Standards

Audit and re-audit of the CSP Core Standards of Physiotherapy Practice. M Sumner, J Mead, R ten Hove. 512

Audit of the unexpected effects of electrophysical agents: Interim report: Responses to December 1999. S Kitchen. 152

Audit of the unexpected effects of electrophysical agents: Interim report: Responses January to June, 2000. S Kitchen. 509

Do physiotherapy records meet professional standards? A commitment to good practice and improved patient care through audit within the Birmingham Heartlands adult cystic fibrosis centre. L Gumery, J Sheldon, H Bayliss, R Mackle, D Stableforth, D Honeybourne, C Reade. 655

Psychology and Philosophy

Breathlessness: A qualitative model of meaning. D Nicholls. 23

Duty to treat, The: Ethics and HIV/AIDS. M Voors. 640

Effectiveness of physiotherapy to enable an elderly person to get up from the floor, The: A single case study. J M G Adams, S Tyson. 185

Life-views of physiotherapy students compared to medical and nursing students. G Gard, B T Sundén. 576

Pain and the placebo in physiotherapy: A benevolent lie? M J Simmonds. 631

Physical therapists' emotional expressions in interviews about factors important for interaction with patients. G Gard, A L Gyllensten, E Salford, C Ekdahl. 229

Reflective practice: Realising its potential. L Clouder. 517

Tackling a fear of falling using graded exposure: Case report. G Riley, D Holding. 143

Quality Assurance

Quality assurance: Measuring the quality of clinical education provision. K Stachura, F Garven, M Reed. 117

Rehabilitation

Active rehabilitation for chronic low back pain: The patients' perspective. F M Cook, A-M Hassenkamp. 61
Back to fitness programme: The manual for physiotherapists to set up the classes. J Klaber Moffett, H Frost. 295
Functional instability of the ankle joint: Features and underlying causes. B Caulfield. 401
Functional restoration programme for chronic low back pain, A. H Frost, S E Lamb, C H Shackleton. 285
Management of anterior cruciate ligament deficient patients: Group education and exercise. A Dakin. 357
Physiotherapy for stroke rehabilitation: A need for evidence-based handling techniques: Literature review. V Sparkes. 348
Rehabilitation of a post-surgical patella fracture: Case report. P Henry, B Panwitz, J K Wilson. 139

Respiratory Care

Breathlessness: A qualitative model of meaning. D Nicholls. 23
Differences in the clinical reasoning processes of expert and novice cardiorespiratory physiotherapists. K Case, K Harrison, C Roskell. 14
Do physiotherapy records meet professional standards? A commitment to good practice and improved patient care through audit within the Birmingham Heartlands adult cystic fibrosis centre. L Gumery, J Sheldon, H Bayliss, R Mackle, D Stableforth, D Honeybourne, C Reade. 655
ECMO: A physiotherapy perspective. H Fiddler, N Williams. 203
Hydrotherapy: Detrimental or beneficial to the respiratory system? K H Anstey, C Roskell. 5
Individualised fixed load inspiratory muscle training responses in a patient with severe restrictive lung disease and an élite sportsman: Case report. K Chatham. 28

Rheumatology

Clinical examination of balance and stability in rheumatoid arthritis patients. A M Mengshoel, A-C Clarke-Jenssen, B Fredriksen, T Paulsen. .342
Efficacy of paraffin wax baths for rheumatoid arthritic hands. J Ayling, R Marks. 190
Ultrasound for osteo-arthritis of the knee: A systematic review. R Marks, S Ghanagaraja, M Ghassemi. 452

Riding: Therapeutic

Therapeutic horseback riding studies: Problems experienced by researchers. J Pauw. 523

Statistics

Reliability: What is it, and how is it measured? A Bruton, J Conway, S T Holgate. 94

Sports Therapy

Anterior cruciate ligament injury in female athletes: Why are women so vulnerable? Literature review. T Lewis. 464
Effect of McConnell's vastus lateralis inhibition taping technique on vastus lateralis and vastus medialis obliquus activity, The. S Tobin, G Robinson. 173
Functional instability of the ankle joint: Features and underlying causes. B Caulfield. 401
Iliopsoas bursitis: Physical diagnosis and management with ultrasonography and corticosteroid infiltration in a 33-year-old man: Case report. R Kerry, D G King, M F Gibson. 306
Individualised fixed load inspiratory muscle training responses in a patient with severe restrictive lung disease and an élite sportsman: Case report. K Chatham. 28
Motion analysis of an eccentric step test performed by 100 healthy subjects. J Selfe. 241

Walking and Gait

Iliopsoas bursitis: Physical diagnosis and management with ultrasonography and corticosteroid infiltration in a 33-year-old man. R Kerry, D G King, M F Gibson. 306
Motion analysis of an eccentric step test performed by 100 healthy subjects. J Selfe. 241
Motor performance after bottom-shuffling in early childhood. M J C Eijsermans, I C van Haastert, V A M Gulmans, P J M Helders. 81
No success like failure: Walking late after stroke: Case study. T D Punt. 563

Abstracts

Advancing physiotherapy practice. A Parry 146
Advancing practice through research – The challenge. C Clifford 146
Analgesic effect of therapeutic ultrasound: A systematic review of the literature. B Harrison, P Barlas 35
Analysis of the ability of physiotherapists to perform passive oscillatory movements using Maitland's (1977) classification of grading. R Chester, M J W Watson. 592
Anterior cruciate ligament rehabilitation: Exploring physiotherapists' attitudes. M J Higgins, A Clough 381
Association of Chartered Physiotherapists in Neurology: Clinical practice guidelines on splinting adults with neurological dysfunction. A Ashburn, C Comall, N Melville, M Simpson, R Wright 149
Can young severely disabled patients regain the ability to walk independently more than three months after a stroke? D Jackson, H Thornton, L Turner-Stokes 41
Clinical acceptance of a low cost portable system for postural assessment. P Van Schaik, J A Bettany-Saltikov, J G Warren, S L Papastephanou 585
Comparative study of surface skin temperature responses to the application of a flexible frozen gel pack and a packet of frozen peas over 20 minutes, A. L S Chesterton, L Ross, N Foster 35
Comparison of different types of pre-registration education for occupational therapists and physiotherapists and its relevance to first post performance, A. A Wheeler, R Wiles, R Barnitt, S Payne 373
Correlates of disease, function and self-esteem in juvenile idiopathic arthritis: A cross-sectional pilot study. A Kerr, R A Luqmani, W S Uttley ...43
Curricular influences on undergraduate learning preferences. C M Kell 595
Development of a clinical model for assessment of posture and balance for stroke patients. S Tyson, L DeSouza, A LeMay 147
Development of an undergraduate module in evidence-based physiotherapy practice. A P Rochester, J Selfe, J Gregson, H Chapman, D Hepworth, P McClea, J Stokell, C Young 596
Do auditory cues affect the gait of patients with Parkinson's disease? T Howe, V J Ashton, B Lövgreen, F W J Cody, J A Oldham 585
Do health professionals, through their information giving, contribute towards chronicity and disability in patients with low back pain? C Hafner 588
Educational background and continuing professional development activity in respiratory physiotherapists and respiratory nurses. C A Roskell, V Cross 600
Effect of a hinged ankle foot orthosis on hemiplegic gait. S Tyson, H Thornton. 594
Effect of body position on arterial oxygen saturation in acute stroke, The. H J Chatterton, V M Pomeroy, L Clayton, R C Tallis, M Connolly, E B Farragher 149
Effect of neuromuscular electrical stimulation on knee swelling after knee surgery: Preliminary findings. I O W Man, M C Morrissey, J Cywinski 379
Effect of positive verbal encouragement on the measurement of quadriceps strength and the ability to sustain a straight leg raise, The: A pilot study. A K Jones, A Clough 41
Effect of rehabilitation based on compensation for patients with protracted Parkinson's disease. A Nieuwboer, W De Weerdt, R Dom 31
Effect of the upper limb tension test on the conduction characteristics of the median nerve. C Daborn, R Stephenson, B Richardson. 588
Effect of transcutaneous spinal electroanalgesia upon chronic pain, The: A single case study. D F Hilberstadt, P Barlas, N E L Foster 150
Effects of neuromuscular stimulation on the contractile efficiency of the first dorsal interosseous muscle of the human hand. S E Lamb, G J Kemp, C H T Thompson 380

Effects of patellar taping on knee joint proprioception. M J Callaghan, J Selfe, P J Bagley, J A Oldman. 590
Effects of pulsed shortwave diathermy on fibroblast proliferation. J H Hill, C Kielty, P Mills. 596
Effects of spinal manipulation therapy in the treatment of chronic low back pain: A randomised clinical trial. M A Mohseni-Bandpei, B Richardson, J Critchley 379
Efficacy of physiotherapy intervention in improving the motor outcome of very low birth weight and very premature infants. E C Sinnamon, V Maehle, J Hedley, D Moore, D J L Lloyd, R White 599
Embracing evidence-based physiotherapy: Exploring physiotherapists' experiences. S Barnard, R Wiles 34
Establishing an inter-disciplinary early supported discharge scheme for orthopaedic patients. S Story 583
Establishing criterion validity: An illustration using weight distribution and sway measurements from two instruments. B M Haas, A M Burden. 382
Estimation as an alternative approach to statistical inference in physiotherapy research. J Sim 146
Evaluating the role of video-based advice and instruction. J Miller, J Hall, K Moore, G Rose, I Stanley, M Rose 377
Evaluation of a multidisciplinary pain management programme in patients with chronic low back pain. M P Armstrong, S M McDonough, I Gillespie, A Kenny, L Carson, L Magee, G D Baxter 375
Evaluation of a new device for measuring knee volume. W I Drechsler, D M Hooper, F Gomes, M C Morrissey 36
Evidence-based exercise programme to reduce falls in an elderly population, An. J C Adams, S L Mitchell. 594
Evidence for interferential therapy for acute low back pain. D A Hurley, P Minder, S M McDonough, D M Walsh, G D Baxter, M McGladdery, G Callaghan, A P Moore 36
Experience of 'problem' patients by senior physiotherapists in the context of their working lives. D Thomson 377
Factors associated with loss of knee range of motion in femoral lengthening. K L Barker, A H R W Simpson, S E Lamb 378
Foot loading and roll-off pattern during walking: A comparison between stroke patients and age- and sex-matched control subjects. H Feys, W De Weerdt, B Verlinden, A Nieuwboer, L Peeraer, G Verbeke, L Janssens 37
Force plate analysis pre- and post-operatively of primary total hip arthroplasty. F Kitsell, V Hall. 583
Getting research into practice: Evidence-based change. T Bury 372
Hospital physiotherapy outpatient department waiting lists. M Rastall, B Fashanu 597
How accurately can therapists predict walking outcome using the functional independence measure for young stroke patients with complex disabilities admitted for rehabilitation? H Thornton, D Jackson, L Turner-Stokes 39
How therapists describe the effectiveness of journals of the therapy professions at presenting clinical and research information. M P Bond ...33
I can see the sea: Making clinical research clinically practicable. M Hurley .372
Influence of a subject's starting position on thoracolumbar movement characteristics. A Rushton, J Jackson. 592
Influence of setting/context on physiotherapists' perceptions of their practice. P Smith 587
Instructing pelvic floor contraction increases transversus abdominis activity in low-abdominal hollowing. D Critchley 593
Integration of children with cerebral palsy into mainstream schools. The role of physiotherapists. J Mahon, T Cusak. 99
Interferential current as an adjunct to exercise and mobilisation in the treatment of proximal humerus fracture pain: Lack of evidence of an additional effect. D Martin, S Palmer, C Heath 147
Investigation into the effect of a thoracic mobilisation on the microvascular circulation of the skin over the glenohumeral joint in patients with a frozen shoulder. D Thackray 376
Investigation into the reliability of a method of measuring the strength and fatigue characteristics of the quadriceps femoris muscle group in patients with knee osteo-arthritis. C J McCarthy, J A Oldham 373
Is the use of group exercises in a public pool an effective and economic tool in the management of patients with chronic musculoskeletal pain? K Reilly 184
'It's not up to me, it's up to you teacher': Patients and therapists discussing progress and plans in stroke physiotherapy. R H Parry 586
Knee flexion range of motion during limb lengthening. K L Barker, A H R W Simpson 148
Lumbar spinal kinematics in sub-acute low back patients and healthy subjects. G Van Herp, P J Rowe, P M Salter 381
Method for determining a specified percentage of maximum voluntary isometric contraction in quadriceps with reduced activation, A. A H Baily-Metcalfe, S K Stackhouse, S A Binder-Macleod 384
Nonsteroidal anti-inflammatory drugs in tissue injury. T Lewis 598
Nuclear fragmentation and ultrastructural changes in skeletal muscle after immobilisation. L Maxwell, H Smith 32
ODFS – What is it? C Singleton 146
One-year predictive utility of biopsychosocial screening questionnaire for low back pain-related outcomes. D A Hurley, S M McDonough, G D Baxter, T E Dusoir, A P Moore 375
Outcome of triaging from a collaborative physiotherapy/consultant low back pain triaging clinic. N Yelland, M C Cairns 584
Pain beliefs of physiotherapists and their patients. A Rhys, B Richardson 589
Perceptions of function and pain following posterior surgery for adolescent idiopathic scoliosis. J A Bettany-Saltikov, C Partridge, J A Bell ..37
Physiotherapists' attitudes towards the process of evidence-based practice: The development, piloting and testing of a Likert scale. S Igo .412
Physiotherapy and Parkinson's disease: Evaluating best practice. A Ashburn, D Jones, B Lovgreen, R Plant. 32
Physiotherapy treatment of female urinary incontinence (FUI): A randomised controlled trial of educational group sessions and individual management. S H Demain, J F Smith, K Dziedzic, L Hiller 151
Pilot study of the effect of perceived exertion and dominance on the ground reaction force in step aerobics, A. M Maybury, J Waterfield, J Sim. 591
Pilot study to investigate the discriminatory value of a newly developed quantifiable functional outcome measure for evaluation of physiotherapy in stroke patients. L G Salisbury, B R Durward, P J Rowe 381
Pragmatic randomised controlled trial of specific spinal stabilisation excercises in the management of recurrent lumbar spine pain and dysfunction, A: Pilot results. M C Cairns, N E Foster, C Wright 38
Preliminary studies to examine the validity and reliability of the Portuguese functional status questionnaire for rural elderly people. M Gomes da Silva, S S Kitchen 34
Professional doctorates. S Laing 371
Quality of life and psychosocial effects of cystic fibrosis, The. S Healey, T Cusack, C Gallagher. 600
Range of motion in the lumbar spine and the effects of age and gender. G Van Herp, P J Rowe, P M Salter. 42
Recovery rates of quadriceps and hamstring torque over one year following arthroscopic anterior cruciate ligament reconstruction: Comparison of patellar tendon and hamstring tendon graft. J L Anderson, S Davies, S E Lamb, C A F Dodd 33
Relationship between heart rate and perceived exertion during exercise, The. M Y Hensman, A Clough 39
Reliability of the Motor Club assessment. R Ayre, S Mockett 150
Resting and post-exercise ankle to brachial pressure index in untrained subjects, trained cyclists, and trained cyclists complaining of exercise induced leg pain. A J Taylor, K P George. 590
Role of an active spinal rehabilitation programme: A prospective study of effectiveness. D C Bancroft, A C Barrett, J Doyle, B A Little, J Beardsmore 587
Satisfaction with a new community stroke rehabilitation scheme. F Jones 586
Single blind investigation into the potential differences in passive range of movement at the elbow, between dominant and non-dominant arm, when using the upper limb tension test 1, A. T J Owen, J Brew, P Barlas 40
Strength-training: A low intensity programme for lower limb muscles of early stroke patients. M C Cramp, O M Scott, J C Rothwell, R J Greenwood, A Lehman, M Gill 593
Test of validity and reliability of a protocol used to identify specific spinous processes, An. D Phillips, S Barnard 591
Treadmill and rowing ergometer heart rate response at a pre-set rating of perceived exertion. J P Buckley, B Innreiten, J Sim, R G Eston 589
Two different approaches to the physiotherapeutic management of patients with distal radial fractures. S J Bache, L Ankorn, L Hiller, A Gaffey 383
Use of the repeated sit-to-stand exercise in elder rehabilitation. M E Trew, S Green 383
When and to what extent is informed consent needed? J Sim 597
Working and rheumatoid arthritis: Insights into the impact of the disease in the workplace. G Gilworth, A Woodhouse, A Tennant, M A Chamberlain. 598

Book reviews

Acupuncture: A scientific appraisal. E Ernst, A White. 50
Anatomy and Physiology Learning System, The. E J Applegate. 386
Aquarobics: The training manual. G Baum 667
Athletic Training for Student Assistants. L A Cartwright, W A Pitney. 218
Atlas of Orthopedic Examination of the Peripheral Joints. L Ombregt, P Bisschop. 217
Basics of Best Practice in the Management of Multiple Sclerosis. MS Society of Great Britain. 163
Best Is Yet to Come, The. D Munday 386
Botulinum Toxin Therapy. D Dressler 668
Brainlash: Maximise your recovery from mild brain injury. G L Denton. 216
Cerebral Palsies: Epidemiology and causal pathways. F Stanley, E Blair, E Alberman 666
Changing our Days. A Whittaker. 557
Child Sexual Abuse: Informing practice from research. D P Jones, P Ramchandani. 106
